Wynns Reframed Cabernet Franc x Cabernet Sauvignon 2021

*For Cabernets we are famed
Two legendary grapes reframed
This famous father and son
Prove two Cabs are better than one*

Cabernet Franc is a lighter, more fragrant version of its better-known child, Cabernet Sauvignon. In this family blend, the perfume and soft tannins of Cab Franc are given a boost of depth and lusciousness by our legendary Coonawarra Cab Sav. A summer red that's more than cosy enough for winter.

Winemaker Comments Sue Hodder

Cabernet Franc is genetically the parent variety of Cabernet Sauvignon, and a lighter fragrant version of its more well-known child.
